EDMONTON ALBERTA

## Principal's Message

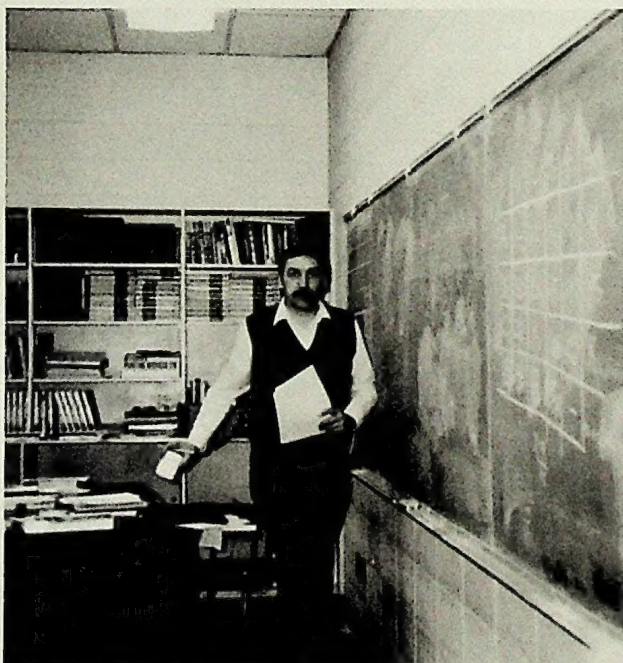

Mr. A. Purkess

Yearbook staff, THANK YOU! You have provided us with a permanent reminder of the 1983/84 school year at Lawton.

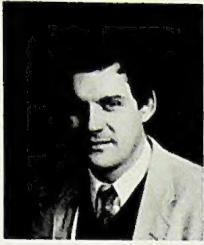

For those of you who have been here for some time, and for those of you who are recent arrivals at Lawton, I'm sure that the pictures, the faces, and the activities will spark memories of a great year. In so many small ways, you have contributed to the success of this year. I wish to offer my congratulations to the students graduating this year - thanks for three great years of good work and accomplishment, and good luck with your future. I hope Lawton will help you in your future achievement of personal goals. May you contribute to another school as you have done here.

To the students who will be returning to Lawton next year, I hope you will remember that the graduates made Lawton a good school to remember, but that took co-operation, enthusiasm, teamwork, and responsibility. That will be your task to build upon and to enhance for all the new and remaining students. I know you are capable of doing that!

Finally, thanks to the staff for all those extra hours beyond your regular teaching time. Because of you, and because of the students who assisted with jobs, this year was a remarkable, enjoyable experience. Thanks very much.

## Vice Principal's Message

Mr. K. Brice

Congratulations to the students and staff who helped create another excellent edition of the Lawton Lite. I am sure the articles and photographs included in this yearbook will serve to reinforce the memories we have of our years at Lawton.

To the students graduating, I hope that your time at Lawton has been challenging and rewarding, and I wish you the best of luck in your future achievements.

To the students returning next year, I challenge you to strive not only to maintain the example and standard set by this year's graduating class but to do even more to make Lawton a school you can be proud to have attended.

Remember that you are the most important person in the school; take advantage of all there is to do, both in classroom and extra-curricular activities. Make the most of a good thing. Make the most of you. Go for it and reach for the sky.

School's Out  
School's out,  
Give a shout.  
Summer's here,  
Give a cheer.  
No more teachers to call you names,  
Just two months of fun and games.  
When we get back,  
Spare time we'll lack.  
But holiday time,  
Will seem so fine.

## Test time

Our teacher smiles sadistically,  
Today we get a test, you see.  
My palms are sweaty - I feel cruddy,  
Because again I forgot to study.

She hands out the papers with a smile,  
I'd like to shove her down the aisle.  
The test questions are as clear as Greek,  
I look at my friends paper for a peek.

The teacher raps me on the head,  
Rips up the test I haven't even read.  
She gives me a zero - it can't ruin my day,  
That's what I'd have gotten anyway.

It's Time to Say So long

The day has come, and the time did fly,  
At our special school, Lawton Junior High.  
Some days were rough-  
Some teachers tough!  
Somehow we made it through the year,  
And time to say so long is here.  
Of all the teachers and friends we've made,  
Our special memories will never fade,  
To Senior High we must now proceed,  
For in life we wish to succeed.

-Dean Lukawesky-

When We Think Back

When we try to think of all the years we've spent here,  
Sadness comes over our face and tears fill our eyes.  
We try to put the thought out of our head as if we didn't care,  
I hate to think of that day when we all say our good-byes.

This yearbook will bring back many memories of those who participated in special activities throughout the year. Who can forget those unusual 'happenings' that occurred to everyone at least once? By thumbing through the pages of your yearbook, you can recapture those special moments.

We would like to take this opportunity to thank Mrs. Stipdonk (our staff advisor) for all the typing. Special thanks go to Mr. McLeish for developing many of the pictures which were contributed from the Photography Club.

It was a pleasure having the position of president on the Students' Council this year. Student participation was at a high level this year, therefore, it was a year filled with exciting activities and thoughtful minds. I would sincerely like to thank the teacher-advisors Mrs. Mayes, Mr. Pawliuk, Miss Vettese, Mr. Brice and Mr. Purkess for their time and effort in making the Council as successful as it was. I would also like to thank Angie Wing, vice-president of the Students' Council, for her support and help to the Students' Council. I really enjoyed working with the teachers and the Council.

Lastly, I would like to wish the succeeding president good luck in his or her term next year.

Very sincerely,

This year, through various activities, the members of the French Club have had the opportunity to gain an insight into French culture. In films and literature we have seen the different life styles in French-speaking regions, in both Canada and France. We have partaken in French cuisine, music, and the art of conversation. A good part of the year was spent on "La Cuisine Française". This unit included collecting French recipes and trying our hand at them! We have enjoyed such delicacies as la Soupe à l'Oignon, le Pain Perdu, and les Escargots aux Champignons! C'est bon à savoir, n'est-ce pas? A l'année prochaine...

# Conflict Management Team

The conflict management program introduced at Lawton this year, was designed to use peer counselling to solve the more common types of conflicts which arise between students attending Junior High. (e.g. name calling, bullying, fighting, etc.)

Team members were chosen by their peers for their leadership skills and were then trained in basic counselling skills and the conflict management process. When problems arose between students, they were given a choice as to whether they wanted to see the conflict management team or one of the school administrators. Any problems the team was unable to resolve were then referred to the school administrators.

Because of a much improved atmosphere between students at Lawton this year, the team was rarely called on to solve disputes, but were successful when needed.

Thank you to the team members: Wendy Cleet, Sandy Wong, Annette Serafinchon, Scott Smith, Curtis VanTwuyver, and Dean Lukawesky.

Boy is science ever fun  
Learning about the moon and sun  
All about energy and different lights  
I never get those answers right.

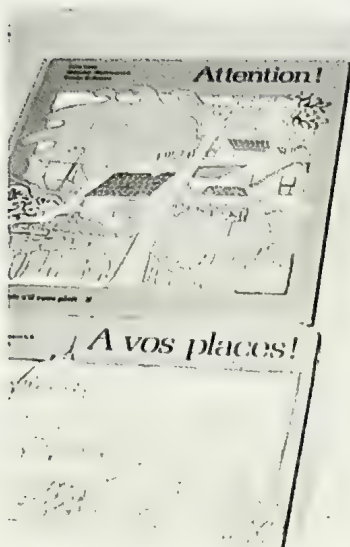

The subject science is the best  
Especially when it comes to tests  
There are questions on earth and hail  
Oh no, I think I am going to fail.

Boy is science ever hard  
Definitions of animal lard  
Or examining teeth of a baby pup  
I think I'll just give it all up.

#### Books

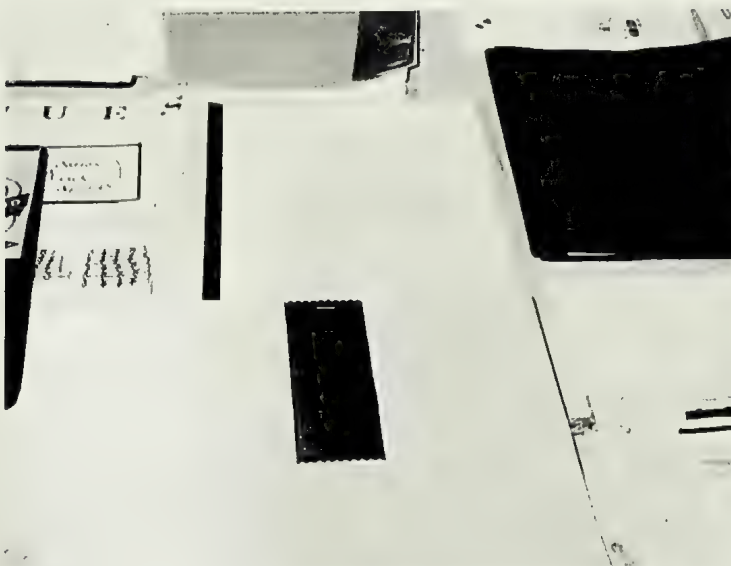

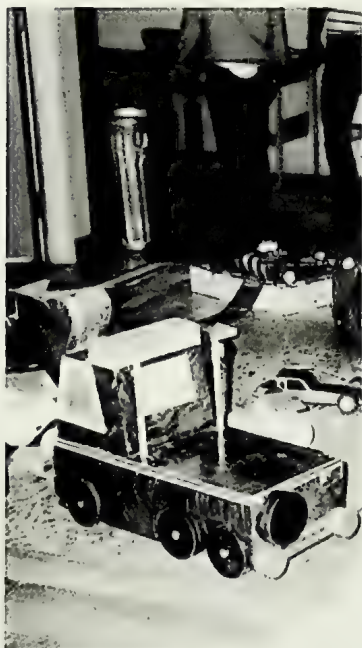

Short and long,  
thick and thin,  
open up, and  
dive right in.

#### Math

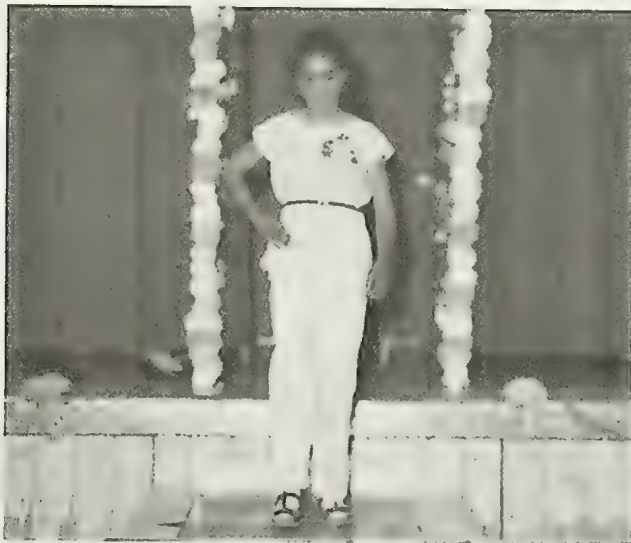

I am very good in addition  
I know how to do subtraction  
I am not that good in multiplication  
But I just can't do those fractions

# E X P R E S S I O N

- L - is for library where I never go,  
why it's there, I'll never know!
- A - is the mark my parents expect,  
in every subject, including Home Ec.!
- W - is for working all through the day,  
and wishing I were getting regular pay!
- T - is for teachers, which every school has,  
If I had my way, they'd all be first class!
- O - is for office where the principal is,  
and if you're sent there, don't expect a kiss!
- N - is for naughty, and that isn't all,  
for hitting the teacher last week with a ball!
- S - is for sorry, which I always am,  
on the day of a test, or any exam!
- C - is for courage which each student will need,  
to face the teachers from nine until three!
- H - is for happy which we will all be,  
the day school ends for the teacher and me!
- O - is for over, which I wish my year was,  
but my teacher keeps saying, "It's for a good cause!"
- O - is for old, which I feel I am,  
for being in school as long as I have!
- L - if for learning all year through,  
how little I know, if only they knew!

# Blanche Neige

Nous sommes «Lawtoneurs»

C'est incroyable, mais je le crois,  
Il y a bien des autres juste comme moi!

Les couloirs, les murs, et les casiers,  
Nous les avons tous détruits, je le sais!

Le volley-ball dans le gymnase,  
Les études, les doutes: «ça gaze?»

Mais que l'on commence ou que l'on finit,  
A Lawton, tout peut dire «je vous remercie!»

-Ronalee Zurawell-

### Les Mémoires

Les mémoires claires comme le jour,  
qui vont sans doute s'évanouir,  
Les mémoires, peut-être affreuses,  
qui restent toujours très heureuses,  
Les mémoires ne finissent jamais-  
Quelques-unes peuvent nous passer,  
Et les autres peuvent rester.  
Les mémoires: on les a pour la vie.

-Angelika Zerbst-

# Minds Come Alive

When I Close My Eyes...

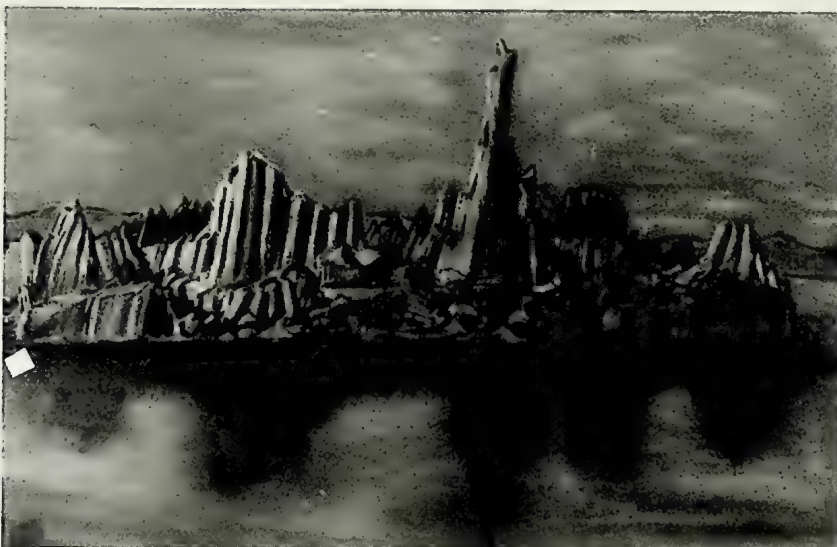

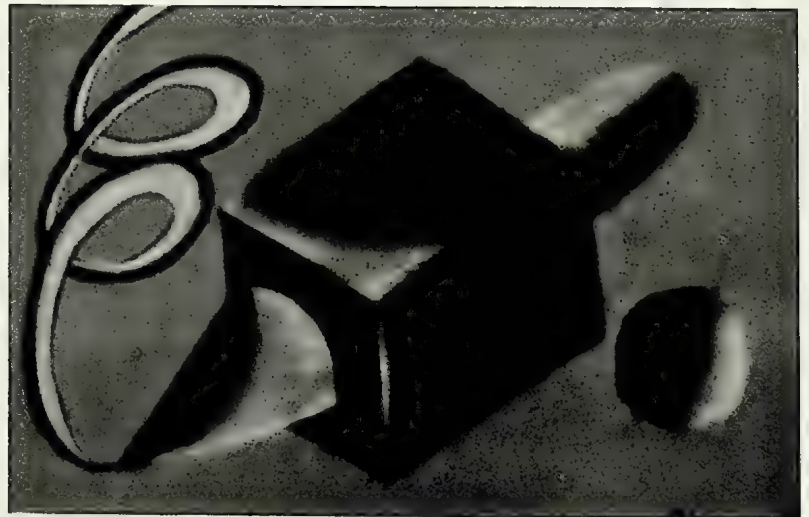

When I close my eyes,  
When I go to sleep,  
The school problems are a puzzle--  
The pieces scattered everywhere.  
Abstract images dot my mind.  
Everything that used to make sense,  
Is now a complication.  
I'm in another world,  
Where everything's a mystery.

-Yeong Bae-

Teachers and Students

Teachers teach it,  
Students learn it,  
Teachers test it,  
Students write it,  
Teachers mark it,  
Students pass it,  
The one who doesn't pass it,  
He fails it!

-Altaf Mohammed-

Future

It's almost over!  
It's very near!  
Soon it will be,  
The end of the year.  
--The pencils not sharpened,  
--The books put away,  
--Classrooms closed,  
--For graduation day!

-Kelly Davies-

## A Tribute to Teachers

I salute the teachers  
For their trouble and time,  
And when they have to put up  
With all the kids who act up.

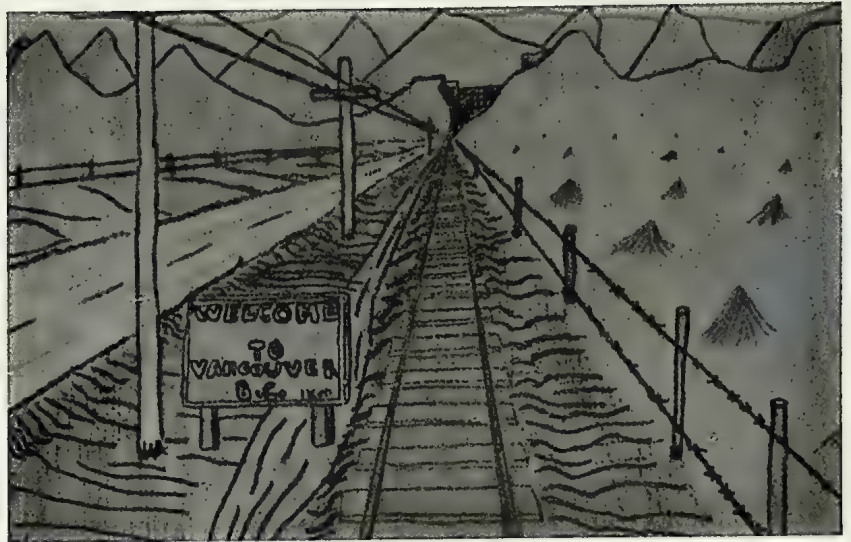

They get to school on time  
In a decent mood,  
But they get really sour  
Just before the lunch hour.

They leave the school very peaved  
And when they get to home,  
They're a little upset  
But they seem soon to forget.

When tomorrow comes  
They get up and forget,  
What happened yesterday  
As they begin their day.

So let's salute the teachers  
For the grief they bear,  
And all the trouble of it  
For how they handle it.

-Kory Williams-

## A Grade Seven Girl

By herself, in a crowd,  
Things around her, very loud.  
The crowd clears, no more riot,  
She's all alone, it's very quiet.  
She looks around, absorbs the view,  
To her, this all seems very new.  
Down the hall, comes a friend,  
Trying hard her heart to mend.  
They walked away, down the hall,  
No longer being alone at all.

-Sheralee Rae-

## Spring

I wake up in the morning.  
The birds are singing beautifully,  
The mist still hangs in the air.  
Spring has brought joy once more.  
Even the school seems to glitter in  
the sunlight.  
All of the teachers' faces light up.  
Spring, with its magical touch,  
Seems to bring its magic upon all of us,  
Even the teachers.

# Intramurals

The intramural program at Lawton includes the following activities throughout the year (Sept.-June); team handball, Co-ed volleyball, basketball, floor hockey, rinkette and Co-ed slow pitch. A schedule is set up in which class competes against class, girls against girls, boys against boys with the exception of Co-ed slow pitch and volleyball. The staff also is scheduled to play against the students in most activities (not to mention they have been undefeated all year).

The objectives of intramurals include the following:

1. An opportunity for all students to participate in a variety of activities.
2. The chance to improve the physical skills students have learned in phys-ed class.
3. The development of good sportsmanship.
